

Lakewood Youth Master Plan

Youth Planning, often referred to as Youth Master Planning (YMP), is a community-wide process that brings together a broad base of stakeholders including youth, parents, city, school and other civic leaders to develop a long term strategic plan for youth and families. It is meant to be a road map that will serve as a guide or decision-making and resource allocation today and in the years to come.

The Lakewood Youth Master Plan, when completed –will improve conditions for youth ages— 0-20 years and their families by focusing on four critical areas:

- Health & Safety
- Families
- Education
- Recreation
